

**Bay Area Council Poll
March 2021
BART-Caltrain Merger**

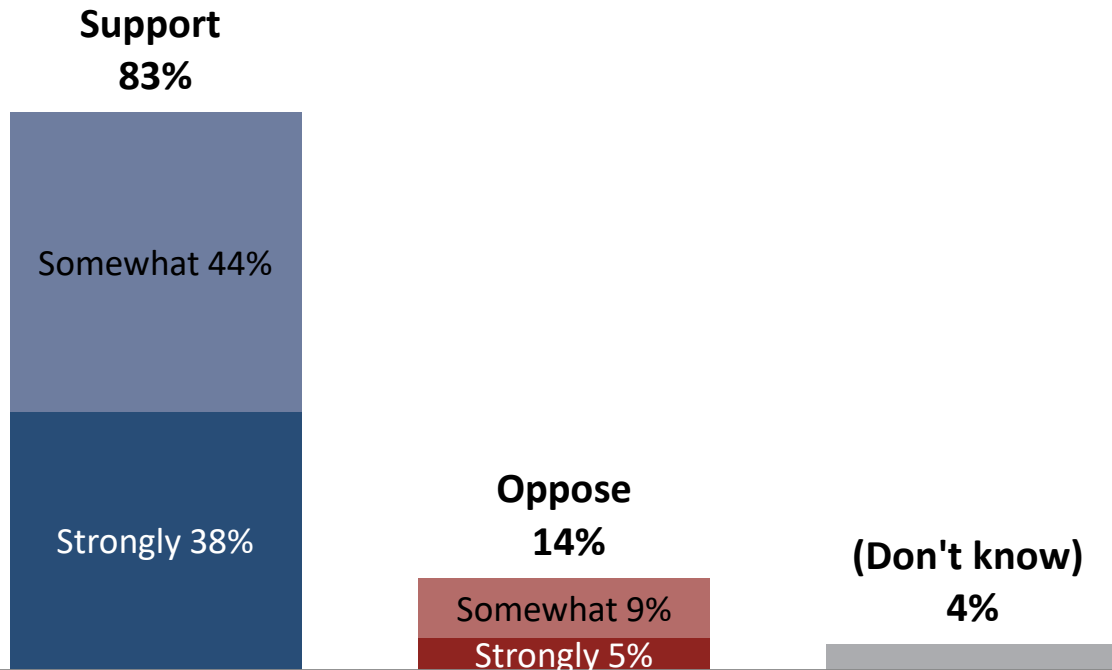

Methodology

- ▶ Survey of 1,000 San Francisco Bay Area registered voters
- ▶ Margin of error plus or minus 3.1 percentage points
- ▶ Demographics including age, gender, and ethnicity, are representative of registered voters in the 9-County Bay Area
- ▶ Conducted March 10-16, 2021
- ▶ Random selection of voters invited by email and text with link to web survey
- ▶ The survey was available in English, Chinese, and Spanish
- ▶ Where applicable, tracking shown from previous surveys conducted in 2014, 2015, 2016, 2017, 2018, 2019, and 2020.
- ▶ The 2020 and 2021 surveys were conducted during the COVID-19 pandemic, where regular activities are disrupted and many voters are working from home. Differences in responses may be due to that factor.

Please note that due to rounding, some percentages may not add up to exactly 100%.

BART/Caltrain Integration

Would you support or oppose combining BART and Caltrain into one integrated system?

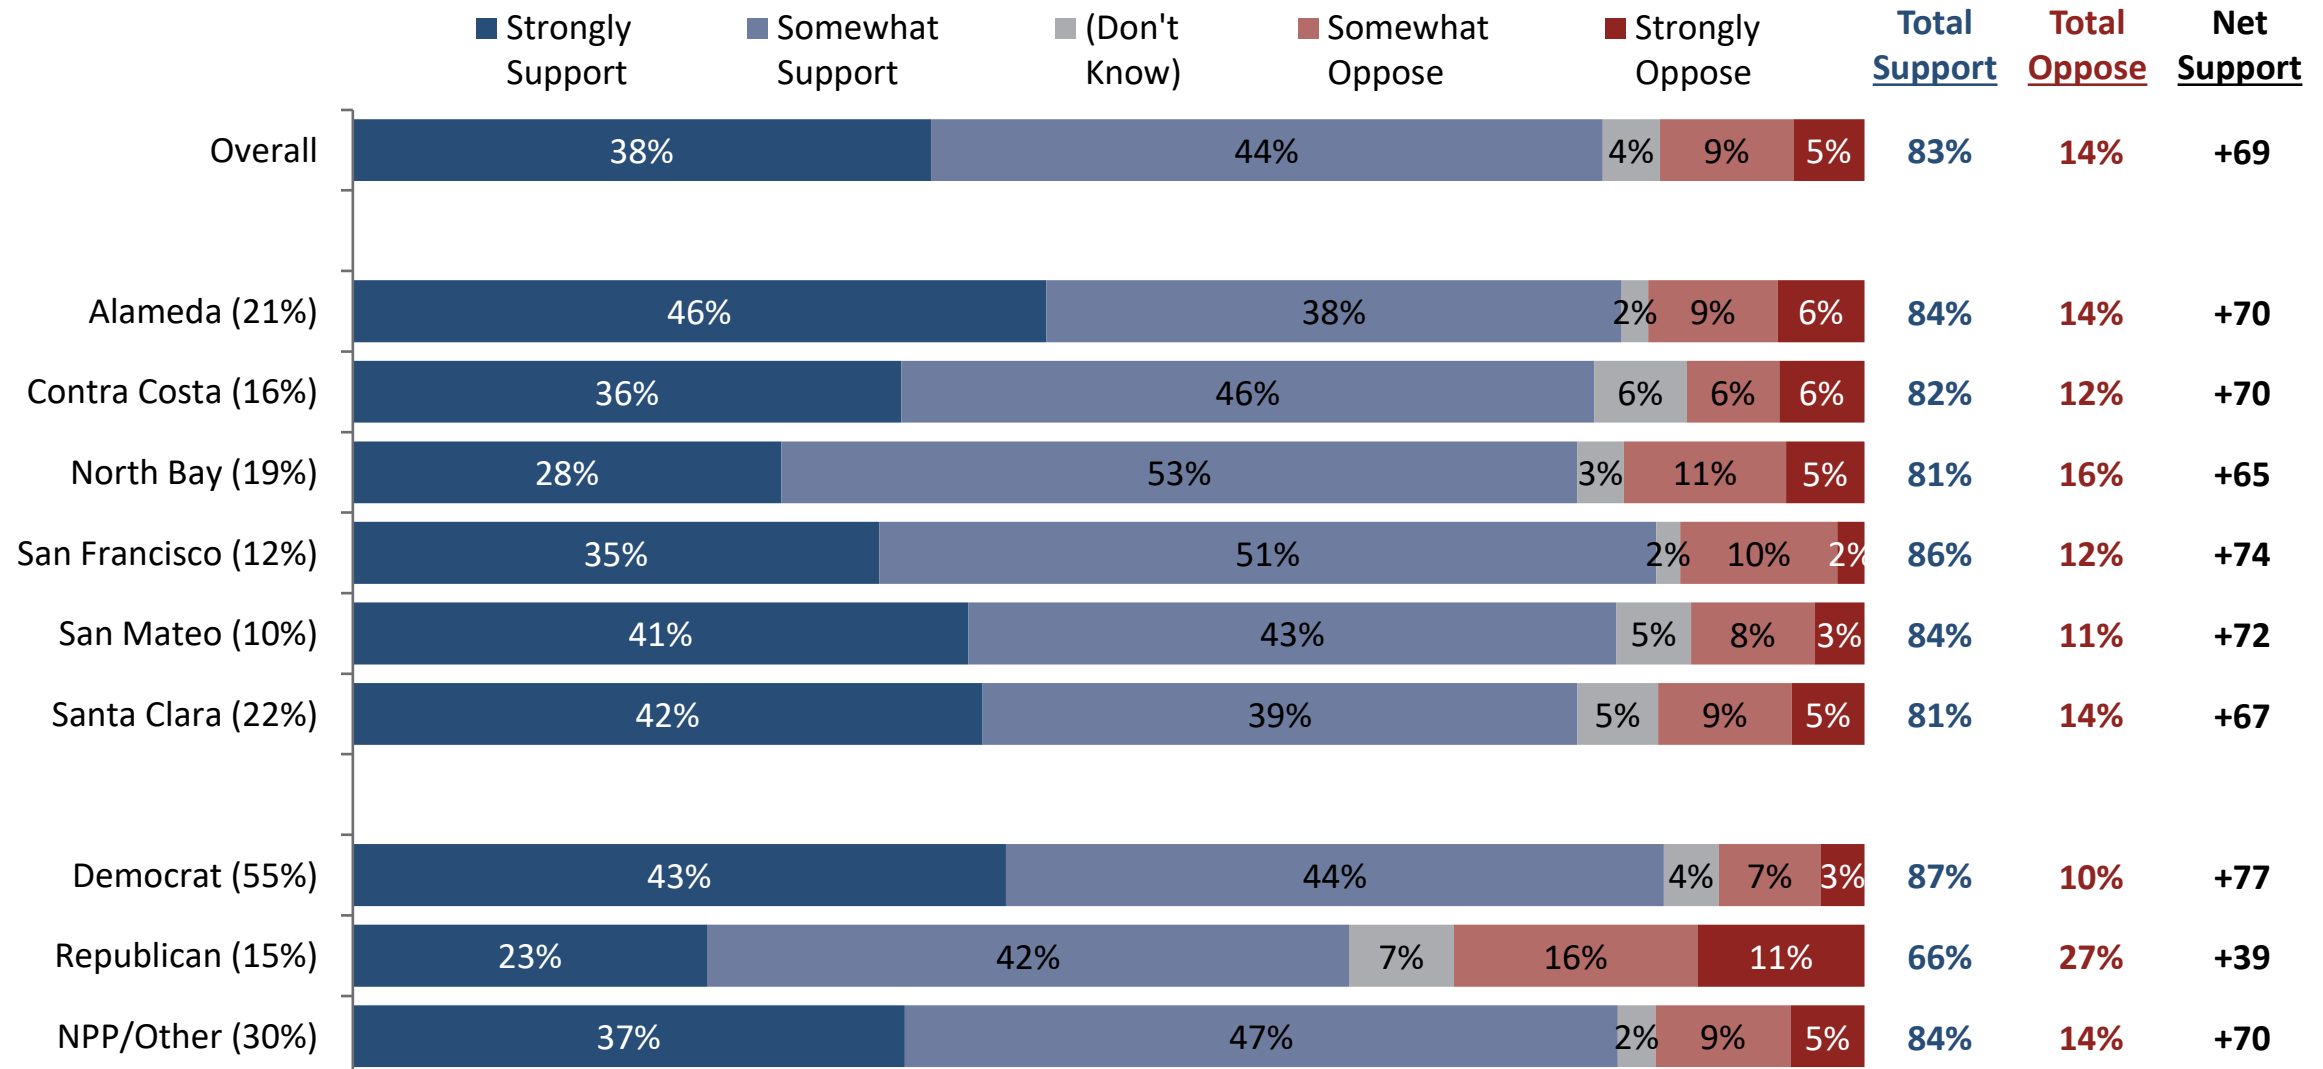

Some people say that combining BART and Caltrain into one integrated system would provide more efficient, convenient and better service and allow continuous rail around the bay.

Given what you've read, would you support or oppose combining BART and Caltrain into one integrated system?
